BSc. Project Logbook

Student Name: Nabin Prasad Regmi

LMU ID: 23056684

Meeting No: 14

Start Time: 11:00 AM

Date: 2026/03/08

End Time: 1:00 PM

Items Discussed:

1. Implementation of the order management system.
2. Addition of shipping cost calculation for product orders.
3. Implementation of commission percentage on products for the platform.
4. Discussion about project refinement and system improvements.

Achievements:

Successfully implemented the order management feature, including proper display of order details, shipping cost calculation, and commission handling for products. The overall project was refined by improving system functionality and user interface based on feedback from the supervisor.

Problems:

Some challenges were faced while calculating the commission percentage together with shipping cost and ensuring the correct final amount in the order summary, which required additional testing and debugging.

Tasks for the Next Meeting:

1. Conduct final system testing and debugging.
2. Prepare the project for final review.
